

School of Psychology

MEMORANDUM

To: Andrew Portelli
Re: Psychology Function
From: Organising Committee
Date: 31 March 1994

Just a short note to express our gratitude to you for your involvement in the Psychology Combined function held on the night of Thursday March 24, 1994.

In the aftermath of the event, students and staff were unanimous in their appreciation of your talents. In fact the only 'negative', if you can call it that, was that some of the audience thought that you were miming!!!! Not only do we think you're pretty talented, but you're quite a nice guy to deal with, and you've got good taste in music!!!

We will certainly keep you in mind for future functions.

Yours Sincerely

Luke Xantidis
